

LonghaulTracker

Symptom tracking made easy

LivLyme
FOUNDATION
Supporting Children • Curing All

Mobile App Overview

Track & Discuss Longhaul Symptoms

The first longhaul-focused app that helps track and report chronic and rare illnesses in real-time.

Start tracking symptoms and improve your discussions with your healthcare team!

Select

Review a list of head-to-toe symptoms and create your own customized list of symptoms to track.

Track

Rate & journal your selected symptoms from their initial onset. Edit present and archive past symptoms.

Report

Generate a report of your symptom severity, overview the affected areas and review your journal entries across time. Export to share with you physician and review.

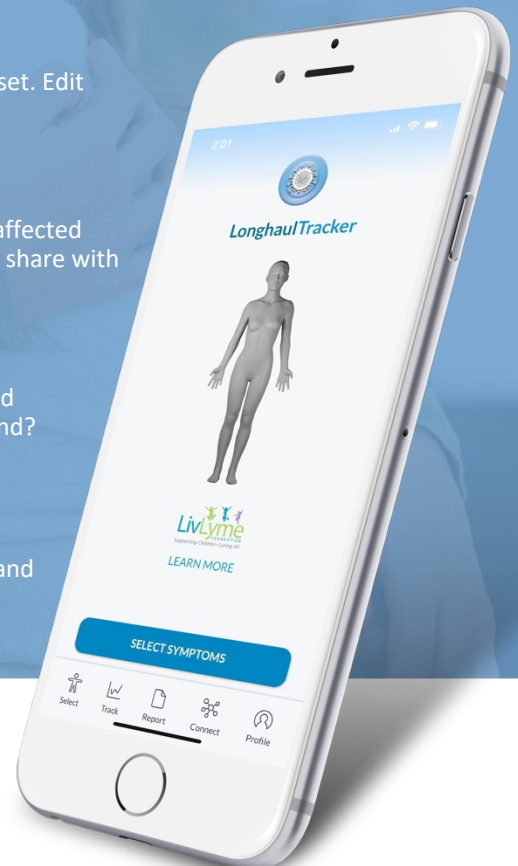

Connect

Find on resources and connect with support groups centered around chronic diseases. Don't see a group you'd recommend? Submit it to LivLyme!

Profile

Personalize your profile with diagnoses, travel information and more. Track multiple profiles and control your privacy!
